Version 2.0	November 2023	R Lotz	End of season review - Additions to adverse weather issues identified at Whickham during thunderstorm New Safeguarding Officer Document Tidy Up

RISK ASSESSMENT

1. Purpose of the Assessment

This risk assessment describes how the Durham County Golf Union (DCGU) will manage health and safety in order to minimise the risk of accidents at all events organised by DCGU.

2. The Health and Safety Sub Committee of the Durham County Golf Union (DCGU)

The Health and Safety Sub Committee of the Durham County Golf Union will be responsible in conjunction with affiliated clubs for ensuring that Health and Safety is at the core of all activities undertaken by the Union.

3. All golfers, volunteers and spectators

Are responsible for ensuring they do not endanger themselves, other golfers or other members of the public while playing, organising, observing or volunteering at any of the events organised by the Union.

All accidents or dangerous occurrences which happen on the golf course during play must be reported to an official of the Health and Safety Sub Committee as soon as possible after the event, an Incident Report Form will be completed for every incident.

4. DCGU Roles and Responsibilities

The Health and Safety Sub Committee will be responsible for identifying and assessing sources of risk

- Prepare a written risk assessment for the prevention and/or control of the risk
- Implement, manage and monitor all precautions taken
- Keep accurate records of all precautions
- Keep records of reported issues and risks
- Report to the Executive Committee when appropriate. with any recommended risk assessment changes and improvements.
- Confirm that clubs have a risk assessment or Health and Safety Policy in place, obtain copies if possible
- Share this risk assessment with affiliated clubs and associations

The risk assessment shall be reviewed regularly, or if any of the following apply:

- new information available about risks or control measures
- changes to key personnel
- in response to accidents or incidents that may occur

5. Communication:

Communication is a key factor in the risk assessment process. The risks need to be identified to allow the prioritisation of remedial actions to control the identified risks. The risk assessment process will allow the Executive to create and maintain a start

sheet for all DCGU events, this will cover generic risks and any course specific risks identified.

This risk assessment will be placed on the DCGU internet website and all Executive members, volunteers, players and spectators will be directed to it. A copy of the Risk assessment will be made available at the event registration desk.

6. Incident Reporting

All incidents that occur during a Durham County Golf Union event will be reported using the Incident Report Form (Appendix 4). An incident log will be maintained (Appendix 5).

APPENDIX 1

DURHAM COUNTY GOLF UNION RISK ASSESSMENT

1.	Taking part or assisting in golf competitions	Golfers, Green Staff, Officials, Volunteers and Spectators	Adherence to the Rules and Etiquette of Golf, observe all signs and be aware of rules concerning cessation of play in dangerous weather or conditions Ensure all competitors are made aware of risks and issues via the competition start sheet Spectators and officials to understand that in elite events, the ball may travel further than expected	Low
2. APPENDIX 3

Competition Start Sheet

Welcome to (*Insert Golf Club*) for the (*Insert Competition or Event*).

Competition Format

This is (*insert format*) competition, it (is/is not) intended to be a qualifying competition for handicap purposes under World Handicapping System Rules.

Rules of Golf

All Distance Measuring Devices may be used, however, any function that gauges Gradient, Wind Speed or Temperature must be disabled otherwise the player will be in breach of Rule 4.3.

Please confirm that you are playing with conforming equipment and that you have no more than 14 clubs in your bag.

Please identify your ball to your playing partners and further identify any other ball that you put into play during the round.

If you suspect that your golf ball may not easily be found, please play a provisional ball, declaring it as such to ensure a good pace of play.

Please return your signed scorecard to the scorer without undue delay on completion of your round. Alterations to your card cannot be made once you have left the scoring area, so please wait until your card details have been recorded by an official to your complete agreement.

Golf Course Specific

Marker posts measure 100 yards, 150 yards to the centre of the green

If applicable, Red, Yellow and White flags indicate front, centre and back hole locations.

Players should make themselves familiar with the local rules on the supplementary card sheet or on the scorecard.

Please respect the course, it is not acceptable to take trollies onto tee boxes or between green side bunkers and the green

Risk Issues

Pace of play will be monitored, please keep up with the group in front and let the group behind through if need be

Play "Ready Golf" when possible, ensuring playing partners and groups ahead are not in danger.

Shout "FORE" if your ball is heading towards any person on the course

In the event of adverse weather, Rule 5.7b requires players to stop playing immediately. The following signals will be used:

Immediate stop – one long note on the siren

Normal stop – three consecutive notes on the siren

Resume play – two short notes on the siren

The organisers on the day should try to ensure that players on holes distant from the clubhouse are aware of the suspension / abandonment of play

Be aware that play may be suspended for reasons other than adverse weather

In case of emergency, please call (insert phone number of official on duty) who will summon the appropriate services.

Course Specific Risks

Please be aware of the following risks on this course (insert risks from Hazard Matrix
